## Victory Loan 1919 Campaign Has Started

The Southern Alberta Victory Loan  
campaign is off to a good start. All  
committees have been appointed,  
district captains have been named  
and organization has in most cases  
commenced. Southern Alberta cov-  
ered itself with glory by subscribing  
nearly nine million dollars to last  
year's loan. This year it is asked for  
one and one-half million dollars.

It will go "over the top."  
In some places, owing to poor  
crops, people may think themselves  
too hard up to subscribe to Victory  
Loan, 1919, but that is a mistake. A  
man may be too hard up to sub-  
scribe as much as he would like to,  
but in this country he cannot be too  
hard up to subscribe at all. There-  
fore, the thing that is to be con-  
sidered is not "Can I subscribe?" but  
"How much can I subscribe?"  
There are very many reasons for  
returning to the Victory Loan.  
In the first place, it will help the re-  
turned soldiers. In fact, the plans  
for helping the returned soldiers  
could not go on without the Victory  
Loan. Every returned soldier should  
be an enthusiastic booster for the  
Victory Loan, because without it  
there is no use in talking about gra-  
tuities or anything like that, as the  
money would not be there.

It will help trade. Every farmer  
should be a booster for the Victory  
Loan, for upon it depends the sale of  
his crop at the good price he is get-  
ting for it today. If the Victory Loan  
falls the crop movement must cease;  
if the Victory Loan succeeds the crop  
will move out and the money will  
move in.

It will increase prosperity. Canada  
has subscribed about a billion dol-  
lars to its own Victory Loan and  
every time it has put over a loan the  
bank savings throughout the country  
have greatly increased. Subscribing  
to the Victory Loan is like paying  
out money with one hand and taking  
it back with the other in increased

business, and having the bonds as  
well.  
The Victory Loan has no politics.  
Following is a letter from Hon. Mac-  
kenzie King, leader of the Liberal  
party, to Sir Henry Drayton, minister  
of finance, which shows the country  
is united on behalf of the loan. A  
dispatch from Ottawa says:

OTTAWA, Oct. 1.—Through  
endorsement of the Victory Loan,  
1919, is expected by Hon. W. L.  
Mackenzie King, leader of the  
Liberal party in the Dominion, in  
a letter addressed to the minis-  
ter of finance, Mr. Henry Dray-  
ton. This is his letter:

"My dear Sir Henry:  
I am glad to see you with pen  
in commending the Victory Loan  
to the people of Canada.

"It is imperative that Canada's  
credit should be maintained."

"As the government finds that  
borrowing is a necessity to meet  
existing conditions, it is in every  
way desirable that the amount  
required should, if possible, be  
raised within Canada itself. I  
hope, therefore, that this loan  
may be over-subscribed by citi-  
zens throughout the Dominion."

"You appreciate, of course, that  
in making a definite statement of  
loan success, such obligation as  
exists in the matter of criticiz-  
ing unnecessary or extrava-  
gant public expenditures is in-  
creased rather than lessened;  
and that this endorsement is  
given upon your assurance that  
the organization of the cam-  
paign and everything about it is  
absolutely and entirely sane  
and practical."

"Yours sincerely,  
(Signed)  
"W. L. MACKENZIE KING."

Subscribe to the Victory Loan,  
work for it, and put your district at  
the head of the list this year.

## Local and Personal Items

W. F. Pratt and F. C. McQueen  
of the depot staff will be week-  
end visitors in Calgary.

Thos. Aikens of Cremona  
Ont., is visiting his brother W.  
R. Aikens of the Superbia dis-  
trict.

Floyd Horn, who left for Cal-  
gary two weeks ago was suc-  
cessfully operated on last week  
and a piece of champagne was  
given to his body. He is making  
satisfactory progress.

Don McKelvey has been  
spending a week in Calgary.

The ladies of the Union  
church intend holding a Hal-  
lowe'en social on the evening of  
Oct. 31st in the church. All the  
young people of the town are  
requested to reserve the even-  
ing for this celebration.

A party of local nitrode com-  
posed of Fred Mason, Jack  
Horn, "Pat" Blue, Walk Mar-  
shall, Bert Barbour, Ole Allan  
and "Nick" Haan were royally  
entertained at the ranch of A.  
W. Wozoski at the river last  
Sunday. Since returning to  
town they have been praising  
the hospitality of their gen-  
eral host. Well he down your  
way yourself, one of these days  
"Fisher."

A Concert, Pie Social and  
Dance will be given at Spring-  
burn school on Friday, October  
24th, commencing at 8 p.m. All  
are cordially invited to attend.  
Ladies please bring pies. Pro-  
ceeds for school purposes.

Mr. R. C. Merithew of the  
Holland-Canada Mortgage Co.,  
is in town making inspections  
for his Company, and expects  
to be here for a few days.

The local G.W.V.A. is giving  
a dance in the Opera House and  
it is hoped that same will be  
well attended. The dances given  
by the returned boys in the  
past, have always been most  
enjoyable. Come out and have  
a good time. The returned men  
merit your patronage. Good  
music and good company. Re-  
member the date: Thursday  
Nov. 8th.

## The Bull Got The Best Of It

Chas. Othen, a returned sol-  
dier living in the Benton dis-  
trict not with a painful ac-  
cident last Wednesday, when he  
had a shoulder blade broken by a  
bull. Othen was at work in  
the pasture, when the bull  
charged him and knocked him  
down. He managed to get up  
and deciding discretion was the  
better part of valor, made a  
dash for the fence but the bull  
beat him to it, and downed him  
again, this time smashing his  
shoulder blade. The bellowing  
of the bull, and his own calls  
for help brought assistance  
from the house and the bull  
was forced to retreat in dis-  
order. The injured man on be-  
ing rescued, was able to walk to  
the house and left for Calgary  
the next morning where he will  
receive treatment and remain  
under the care of the Soldiers  
Civil Re-establishment Board.

## OBITUARY

The death of John Brough  
occurred at his brother's farm  
last Friday. The deceased man  
who came to this district about  
three months ago to visit his  
brother Jos. Brough, had suf-  
fered for a long time from heart  
trouble and finally succumbed  
to the disease last Friday.

Mr. Jos. Brough left for Che-  
ley, Ont., next day, to accom-  
pany the body of his brother  
and attend to the burial which  
will take place in Ontario.

The sympathy of all friends  
of Mr. Jos. Brough is with him  
in his sad bereavement.

## MARRIAGE

The marriage of Mrs. A. Wal-  
ter and Mr. Wm. Bickett was  
solemnized at Calgary on Tues-  
day, October 7th.

On their return to Oyen, the  
newly married couple were  
chivvied at the hotel by a  
number of friends last Friday  
night, when they were pre-  
sented with a handsome cut glass  
bowl and a carving set.

## Ladies' Week at Miller's Store

For every figure, the new styles of B & I Princess  
Front Laced Models are a revelation to those who haven't  
seen them and a distinct advance over anything previously  
attempted in Canada.

Every model in modern corsetry to suit the individual  
needs of the multitude of wearers can be had in the Bias  
Filled Corset line. The modern corset is designed to con-  
trol the lines of the body and to give that tailored look  
which imparts individuality to the wearer.

This the Bias Filled and Princess lines accomplish by  
their great variety of styles and measurements, among  
which a model can be found to suit any figure.

In selecting any of these models you have at your  
disposal the services of Madam M. DeOrr, a special B & I  
Corsetmaker from Toronto who will be in attendance in our  
Corset Section on Oct. 24 and 25, who will give valuable  
aid in the procuring of the correct best suited to your fig-

### Owing Ourselves

It is estimated by Sir George Paish, the eminent economist, that interest-bearing foreign securities held by Great Britain made a total of \$2,000,000,000. The British securities held abroad do not exceed \$1,000,000,000. There is a favorable balance, after allowing for all doubtful and Russian debts, of about \$3,000,000,000. At an average rate of only 4 per cent, this means an annual income to Great Britain from this source alone of \$120,000,000. No one can calculate the full effect of such a circulating asset to the people and Government of Great Britain.

Up to this year the Government of Canada had sold Victory Bonds amounting to more than \$1,200,000,000 to the Canadian people. The Loan now being floated will add materially to the total. It is \$1,000,000,000, considered as a final outstanding war securities, at 5 1/2 per cent, the total payment to Canadian Bondholders will reach \$23,000,000, a year.

Consider the business advantage which must come from such a circulating and recurring asset. The business created by such a loan movement money will make up many times the excess taxation required to meet the interest payments. To that extent, at least a "thundering big" public debt has advantages, when it is owing to the citizens of the country. If our War Loan securities were held abroad, the interest would be a severe drain on the country. That is the economic reason for popular Government loans.

W. J. Stark, secretary of the Alberta Provincial Sheep Breeders' association, has received a check for \$65,755.20, being a remittance from the Canadian Cooperative Wool Growers' Ltd., of Toronto, on account of the wool shipped there for sale by the Edmonton district, under relation, and which was contributed by 324 sheep owners in northern Alberta and six from British Columbia. The wool has not all been sold as yet, and this remittance is on the basis of \$2 below the market price of the grade. When the balance of the wool is sold the contributors will be sent the amount necessary to balance their accounts. The wool which has been sold has brought a very satisfactory price, the medium combing being sold at 68 1/2 cents per lb. Fifty medium clothing being sold at 65 cents.

One hundred car loads of the present daily output of the Brumfield car mines, this will be increased by 50 cars more during the next two months.

## "I Hope Every City and District Will Win My Flag"

When Edward, Prince of Wales—eager, bright eyed, smiling and sincere—arrived in Canada in August, and when he voiced his great admiration of the wonderful achievements of Canadians, on the fields of battle and at home, once again we were thrilled with joyous pride.

He asked concerning Canada's reconstruction programme, and when he was told of the Victory Loan 1919, he graciously consented to the use of his Coat of Arms on a flag, which is to be the prize of honor for districts achieving their quota in the loan.

In dedicating "The Prince's Flag" at Ottawa on Labor Day, His Royal Highness said in part:—

"It is a great joy to me to be associated with the loan, which is the bridge between war and peace, and which is finishing off the job."

"I hope every city and district will win my flag."

Striking, and beautiful in design, this flag will form not only a unique memento of Victory Year, but its lasting and outstanding souvenir of the visit of His Royal Highness—a visit which will remain as one of the most memorable events in Canada's history.

The reproduction above shows the design of the flag. The body is white, the edge red; in the upper left hand corner is the Union Jack, and in the lower right hand corner the Prince of Wales' Coat of Arms.

The flag is made in two sizes, 4 feet 6 inches by 9 feet for small cities, towns and villages, and 7 feet by 13 feet 6 inches for cities of over 10,000 population.

Canada has been divided into canvassing districts by the Victory Loan Organization. Each city forms one district. Other districts have been allotted according to population.

Each of these canvassing districts has been allotted a certain amount in Victory Bonds to sell. To win the Prince's Flag, therefore, a district has to sell its allotment. That is the one and simple condition.

Anticipating that many districts will buy far beyond their allotment, the organization decided that for each twenty-five per cent. excess of the quota and Prince of Wales' Crest be awarded. Thus the workers in a district doubling its quota will be the proud winners of four small crests for their Honour Flag. These crests will be sewn to the flag. The Prince's Crest—

The Prince's Motto is "I Serve"  
Will You also Serve?

## Organization for 1919 Victory Loan Will Be Most Complete

The interest taken in the 1919 Victory Loan is growing daily. Businessmen throughout all Canada, and particularly in Southern Alberta, are banding themselves together for the purpose of making Canada's last appeal to her people the most successful domestic loan which has ever been floated.

The loan will be advertised in many attractive ways and it is due these men that they should receive every advantage to help themselves that Canada can give them.

All classes of Canadian people in all trades benefit directly by this distribution of money—the farmer, the artisan, the manufacturer, the

businessman, miner, fisherman and merchant.

The working capital needed for this campaign because it is in every way desirable that the Canada required should, if possible, be raised within Canada itself.

The war was not won, with the signing of the armistice, it will not be won by the signing of the peace treaty. It can only be won definitely and finally when every returned man is re-established, and when Canada stands pre-eminently among her neighbors.

Every returned soldier should be an enthusiastic booster for the 1919 Victory Loan. Don't demoralize your patriotism with any such thing as "it was needed today as much as it was when you were in France." You went to France as a citizen, a good citizen, as a good citizen of Canada. The Victory Loan has no politics. It is a national enterprise to supply warping capital so that Canada may carry on.

"SHE withstood everything in the field and above all was, and still is, the last and only car to survive until the cessation of hostilities."—Extract from letter received by Ford Motor Company from a British Soldier, in Africa.

Over shell-torn roads, through water soaked fields, second only to the tanks in its power to climb debris and crater holes, the Ford car made a world famous record in the fighting area of the great war. In press despatches, in field reports, in letters, in rhyme and song the praises of the Ford were sounded.

## In Lighter Vein

And here, ladies and gentlemen, we introduce to your notice, "Briggs the Vulcanizer." This tireless tire treader drives a Gray Dori—and sometimes takes us along with him. He is a man of simple tastes and tireless energy and is a dashing driver. He has a great love for pepper-mints and is never really happy on a drive unless he has a packet of this brand of candy along with him. His car is as wonderful as its owner, and will run on its reputation long after the gasoline has been used up. The batteries on his car charge so rapidly that he has to keep the lights going in broad day-light to prevent them overcharging. (This remark has nothing to do with "milk" charging. Regulation battery charges are not unreasonable.) This idiosyncrasy of the car causes considerable comment on the road. Every one who passes yells out "put your lights on." And of course Briggs smiles.

And speaking of putting lights on, "Peter the Great" says "No motors. No lights."

The cub reporter was in Alaskan last Monday to get some dental work done.

This is no joke.

# Strikers Denounced By Lloyd George

London.—Premier Lloyd George surprised his countrymen, as he frequently does, by denouncing the railwaymen's strike as "Prussianism."

"Another effort to hold up the community and strangle it into submission," at the Lord Mayor's Mansion House luncheon in honor of Field Marshal Allenby.

"The occasion was an unusual one for such a topic, but the Premier has a habit of doing unusual things at unusual times. Near him sat Earl Paisal, son of the king of the Hejaz, in white robes, and the Archbishop of Canterbury with an array of other military and civilian notables, such as only London can muster on ceremonial occasions. They expected nothing more sensational than compliments to the conqueror of Palestine.

"The nation means to be master in her own house," Mr. Lloyd George declared, "just master, a fair master, a generous master, but always master."

This was naturally accepted as a proclamation of the Premier's view of the country won a victory over the strikers.

J. H. Thomas, secretary of the National Union of Railwaymen, and leader of the recent strike, appeared at Albert Hall, dwelt on the settlement of a compromise, and issued a circular of appealing for reconciliation and a burial of hard feelings.

Labor papers appear to differ with Mr. Thomas as to some aspects of the strike settlement. When Premier Lloyd George makes an important speech, newspapers try to read between the lines to discover his political purposes.

The general impression of the Premier's speech is that the Premier has broken with labor unions and wants to show to the support the middle classes, who apparently tend to drop away from him as a result of the recent campaign upon the alleged governmental extravagance.

## Argentine Will Give Credit

Government Accorded to Request of France and Italy

Buenos Aires.—Declaring that large stocks of Argentina grain would not be sold unless the government accorded to the request of France and Italy for a credit of \$200,000 with which to purchase cereals, a delegation representing the chamber of commerce of Rosario, a great grain center, requested President Irigoyen to expedite the loan by calling an extra session of congress.

The regular session adjourned recently without voting on the loan. President Irigoyen indicated he would endeavor to convene congress as early as possible and would reconvene the loan as business of the first importance.

Bulgaria Seeks Time Extension

Sofia.—The upper chamber will meet to reply to the request of Bulgaria for an extension of ten days to the time granted it for presentation of its observations on the treaty handed to the Bulgarian commissioners September 19.

London.—The Cork Development Association has received a cablegram from Henry Ford stating that he is considering running a series of canals in Ireland.

# Move to Regulate Price of Clothing

Toronto.—Immediate and effective action to regulate clothing prices was forecasted by Commissioner Murdoch of the Commerce Board at the conclusion of the board's investigation into clothing prices here. Col. W. H. Price, government counsel, said he decried the commissioner's calling attention to evidence which he said warranted action on the part of the board, and Commissioner Murdoch replied:

"I am firmly convinced that something should be done to reduce the price of clothing, and so far as I am concerned, as one member, I will hope to see something done promptly and effectively."

Commissioner Murdoch said he concurred in Col. Price's declaration that there had been too much profit made by some of the clothing houses whose affairs had been investigated. "And I am further of the opinion," he went on, "that there is more than a profit involved, that there is real

## Plan Reform in Election Laws

Double Representation Not Permissible If Amendments Are

Ottawa.—Double representation of constituencies in the Dominion parliament will not be permissible in future if amendments to S. W. Jacobs' bill to change the House of Commons Act agreed to by the privileges and elections committee are approved by parliament.

Mr. Jacobs' bill, as originally introduced, provided that a member elected for two seats must, within thirty days, make a choice as to the seat he proposes to represent.

The committee, after considerable discussion, agreed to an amendment providing that no person shall be eligible for election to the House of Commons in more than one electoral district at the same time. The further provision is made that if a man accepts nomination in two constituencies his nomination will be null and void. The law will apply by-elections as well as to general elections.

Strikers Granted Increase

London.—The House of Commons, considering the demands of the trammen and bus-workers in London and the provinces has made an award of 10 per cent in increase of wages amounting to four shillings weekly to those over 18 years of age and two shillings to those below that age. The recent agitation among the men was for an increase of 12 shillings weekly.

Prohibition Has Large Majority

Christiana.—The vote by which Norway adopted the prohibition of whisky, brandy and other strong liquors in the referendum was 428,455 in favor of prohibition and 284,137 against.

Christiana was strongly against the proposition, only 18,500 voting in its favor, especially in the opposition. The measure does not affect wines and beers.

## Dominion Guards Unlikely

London.—The London correspondent of the Manchester Guardian intimates that the suggested establishment of a battalion or regiment of Dominion Guards for an addition to the home brigade has been found impractical. The suggested idea of attachment of recognized Canadian, Anzac or South African units may be attainable, though presenting considerable difficulties.

## Irish Bill for New Session

London.—The introduction of the Irish bill will be the feature of the new session of parliament, and the cabinet is now considering one drafted by the department of the interior but with suggested alterations that any county may stand out, or Ulster counties be included and have their own securities of state.

In Madras the tanning of snakeskins for the manufacture of umbrellas has become quite a profitable industry.

## Move to Regulate Price of Clothing

Toronto.—Immediate and effective action to regulate clothing prices was forecasted by Commissioner Murdoch of the Commerce Board at the conclusion of the board's investigation into clothing prices here. Col. W. H. Price, government counsel, said he decried the commissioner's calling attention to evidence which he said warranted action on the part of the board, and Commissioner Murdoch replied:

"I am firmly convinced that something should be done to reduce the price of clothing, and so far as I am concerned, as one member, I will hope to see something done promptly and effectively."

## Nationalists Capture Konieh

Apprehension That Turkish Threat May Be in Danger

Paris.—Konieh, an important railroad center, is in the hands of the Turkish Nationalist troops.

This city, which in the days of Roman power was known as Iconium and was the capital of the province of Lycaonia, stands in a position which virtually dominates South Asia Minor. Its capture appears to indicate that Mustafa Kemal is in control of the vast region stretching from Konieh from the southwest to Erzerum, the principal city of Turkish Armenia, a distance of 425 miles. It is said the fall of the Turkish cabinet was caused by the capture of Konieh, and there seems to be some apprehension in some quarters that the Turkish throne may be in danger.

On the other hand, French circles point out that Djemal Pasha, the newly appointed Turkish minister of war, is a political ally of Mustafa Kemal.

Great Britain began to withdraw her troops from Armenia in August, and it is probable this movement is now far advanced. France has forces in Syria, while Greece and Italy have small detachments at various points along the coast of Asia Minor.

None of these nations, however, appears to have sufficient force to conduct a campaign in the interior of the country. Great Britain's army in Mesopotamia and in Palestine, to the east and south, seems to be too far away to menace the spread of the Turkish nationalist movement, led by Mustafa Kemal.

## Prohibition in Norway

Despite This, Arrests for Intoxication Have Been Increasing

Christiania.—The Norwegian government, operating since December, 1916, and forbidding the sale and private importation of spirits and strong liquors, has not been able to prevent the filling of such vacancies within six months.

Despite this prohibition, arrests for intoxication have been steadily increasing throughout the country, and in some places have been higher than before the war-time prohibition was put into effect.

Substitutes for liquor, especially denatured alcohol, are being used everywhere. Illegal distillation also is increasing, especially in the rural districts.

It is feared that France, Spain and Portugal, from which countries liquor was imported, may retaliate with a tariff on Norwegian products, such as timber, which is Norway's chief export, especially the Norwegian fish trade, 60 per cent, of which goes to Portugal.

## Barrage Removed From North Sea

Washington.—Removal of the great North Sea barrage, built by the United States years ago during the war, has been completed.

This was disclosed when Secretary of the Navy Dannelmeyer, in a cablegram of congratulation sent to Rear-Admiral Strauss, who commanded the force which last October had been ordered to remove the hazardous task of sweeping the 50,000 mines from the sea.

The only serious accident attended the work, one of the sweepers being blown up with the loss of several lives.

## King Albert Runs Train

Chicago.—The King of the Belgians ran the engine of his own train (for ten miles). The special train which the King and his party are travelling westward was stopped at Wauson, Ohio, while His Majesty climbed into the cab of the engine and took over the throttle from the grumpy pilot. The King, who has a thorough knowledge of locomotive engineering, ran the heavy train for 10 miles without a jolt, then he stepped the engine and returned to his car.

## Fatal Tornado in Kansas

Hutchinson, Kas.—Two persons were killed and 25 injured, some of them seriously, and property damaged, estimated at a quarter of a million dollars, when a terrible tornado struck here and swept a path of destruction several blocks wide through the business and residential section of the city.

## Police Reach Budapest

Paris.—A detachment of British soldiers, forming part of the international detachment to take over the police service in Budapest after the departure of the Hungarians, is reported in dispatches from the Hungarian capital. Two thousand British soldiers are also expected.

Amsterdam.—The former German emperor will remove from Amsterdam to about the end of the month to his residence at Doorn.

## Concerning Shipping Supervision

Co-operation To Be Introduced in Control of Ocean Tonnage

Ottawa.—Replying to a question by J. E. Armstrong, Sir George Foster, Minister of Trade and Commerce, has called the Dominion Government's attention to injustices in connection with the supervision by the British Ministry of Shipping of the employment of vessels under charter by Canadian shipping interests.

In reply to another question, Sir George stated that the Canadian Government will co-operate with the Imperial Government and other overseas dominions in considering the question of the supervision and control of ocean tonnage between the different parts of the British dominions.

In reference to a report of a British royal commission in favor of government supervision in coast and Atlantic shipping, the minister stated that this report will probably form the subject matter of consideration at the next Imperial conference.

## Heavy Expenditures

Deputy Minister of Finance Submits Figures to Committee on Soldiers'

Ottawa.—A presentation of the government's obligations in regard to the payment of perhaps \$200,000,000 re-establishment grant in addition to the burdens already to be borne, was given to the special committee on the civil re-establishment by J. C. Boyle, deputy minister of finance.

Since March 31, 1914, the public debt has increased 58 per cent, from \$335,965,000 to a estimate for 1919-20 of \$1,959,000,000. Pensioners are estimated this year at \$300,000,000; settlement, \$25,000,000; and soldiers' civil re-establishment, \$10,000,000. Interest on the public debt has risen from \$12,093,000 in 1913-14 to \$107,200,000 this year.

War expenditures for 1919-20 were estimated at \$350,000,000 exclusive of pensions, and this year's consolidated revenue receipts were estimated at \$244,000,000.

## For Sweeping Reform

National Women's Council Presents Views on Many Subjects

Calgary.—Resolutions asking that second offences for bootlegging be punishable by jail sentences, that equal parental rights be established for the mother, that widowers be given greater power under the Dower Act, that a living wage be incorporated in the Factories Act, that hotels and lodgings houses be licensed to bring them under police regulation, and that marriage licenses be issued only on recommendation by a responsible body of women, were passed by the provincial executive of the National Council of Women, which met here recently.

## Will Investigate Irrigation in West

Ottawa.—The agriculture committee of the commons recently gave consideration to the question of irrigation in the dry areas of the prairie provinces. During the discussion the important announcement was made by Professor J. A. Gristle, Deputy Minister of Agriculture, that the Department of Agriculture, realizing the importance of this matter, is undertaking to carry on a thorough inquiry into the whole question, which may lead to important results.

## Italy Ratifies Peace Pact

Rome.—King Victor Emmanuel has ratified the German and Austrian treaties by decree.

The Giornale d'Italia says that each decree contains two articles, the first authorizing the government to execute the treaty fully and the second setting forth that the documents be presented to parliament to be converted into law.

## Irish Home Rule Bill

London.—Parliamentarians say the Irish bill will be the feature of the new session of parliament, and the cabinet is now considering one drafted by the department of the interior but with suggested alterations that any county may stand out or Ulster counties be included and have their own securities of state.

## Ready to Ratify Pact

London.—Great Britain's ratification of the Peace Treaty, the Foreign Office has announced, is ready to be proclaimed. All the dominions have ratified the treaty, the Australian House on September 15 and the Senate on October 15.

## W. N. U. 1285

# Right of Provinces To Enforce Prohibition

Gen. Mangin Will Assist Denikine

He Will Be Accompanied By Russian Ambassador to Paris

Paris.—General Mangin, whose recall to Paris from command of the eighth army, has just been announced, is to proceed to south Russia and join General Denikine, the anti-Bolshevik commander there, according to L'Echo. He will be accompanied by Basil Malakhoff, Russian ambassador to Paris, their mission being to co-ordinate the policy of the anti-Bolshevik government.

The eighth and tenth French armies are being broken up as units, under Generals Mangin and Gerard, who have been reformed, have been recalled and placed at the disposal of the minister of war. Newspapers are greatly interested in the step, and explain it differently. While the opposition press intimates that General Mangin may be out of favor, which it intuits is undesired, a majority of the newspapers declare the move is only an administrative measure resulting from the grouping of occupation groups in the Rhineland. It is said the eighth and tenth armies will soon be reformed into a single unit, which will be commanded by General Degoutte.

Want Standardized Parts

Ottawa.—The Common Council on agriculture received the report of the manufacturers' committee dealing with the proposal that the standardization of parts of agricultural implements should be agreed to in order to make it more convenient and save cost to the farmer. The report pointed out a great many difficulties in the way of successfully carrying out the plan.

After some discussion it was agreed not to allow the matter to drop, but to continue the discussion with the manufacturers during the parliamentary recess.

## Quantity of Liquor Seized

Winnipeg.—Intoxicating liquors, whisky, Scotch whisky, Irish whisky, cherry whisky, gin, brandy and rum to the estimated value of \$20,000 was seized by the city police morality department at the corner of Notre Dame avenue and Charlotte street. S. Gold, head of the firm of Gold & Cheick, alleged to have been on the owners of wholesale bootlegging, was filling bottles with liquor, surrounded by many modern appliances to facilitate, when arrested.

The Tribune prints a violent article intimating the warnings and signs sent by the British and American governments should not be addressed to Italy, but to Anunnzio, as "Fiume is not Italy; in fact, Fiume is fighting against the Italian government which, together with the other allies, is unendingly the ally of Adriatic problem after the discovery of the pact of London."

## Japan to Ratify Pact

Paris.—Ratification by the Japanese parliament of the German peace treaty is not required by the constitution of Japan, according to information received here. The Japanese Signature by the Emperor after consultation with the private diplomatic corps, and the Japanese cabinet, and this is expected to take place by October 15.

## Will Release Poles

Warsaw.—A Polish-German agreement has been signed by the Polish delegates at Berlin providing for the release of Poles interned in Germany for their military, political or national activity. The revoking of all sentences imposed on Poles and free return of the agreement which concerns Upper Silesia as well as Poland. The agreement will be in force immediately after its ratification.

## Increased Gratuities A Heavy Burden

Ottawa.—A further statement of the difficulties facing the government which make payment of \$300,000,000 or more in gratuities a difficult matter for the administration to face, was placed before the special committee on soldiers' civil re-establishment by Sir Thomas White, former minister of finance.

The former minister of finance was calling attention to the many heavy burdens which the government was called upon to face from the forthcoming Victory Loan. Without new taxes, the major portion of this loan would be taken up in bank debt and other obligations.

"Canada's financial position," he said, "while it should not be called critical, is still serious because of five years' war expenditure to call for most careful administration."

"The policy of all the nations

Ottawa.—Legislation making it possible for a province to have absolute control either of importation or manufacture, or both, of spirituous beverages, was introduced in the House by Hon. C. J. Doherty, Minister of Justice, under a provision that bring about less-dry conditions, however, there must be a plebiscite taken under the authorization of the resolution amendment by the provincial legislature. When this has been done, and a plebiscite is duly taken, thereafter the plebiscite providing for will be brought about by proclamation, issued in accordance with the proceedings provided in the Canada Temperance Act, of which the bill introduced is an amendment.

Replying to a series of questions by W. F. Macleod, the minister explained that the present law in Ontario in regard to which a referendum is being taken does not deal with the question of importation, exportation or manufacture of liquor. The province, he said, takes the position that it is not a matter of national question.

"This" added the minister, referring to the bill he had just introduced, would be a method whereby in virtue of the extended constitution, operative by the vote of the electorate of a province, importation into or exportation from or manufacture in it would be prohibited."

## Italians Are Excited

By Warnings With Regard to Situation at Fiume

Rome.—Much excitement in political circles has been caused by the reported receipt of warnings from Great Britain and the United States to Italy with regard to the situation at Fiume. It is declared that the Italian warning stated in effect that unless the "pact of London" at Fiume should continue Italy would "run the risk of being put out of the alliance and the pact of London," and that it was received a few days after a similar warning from the United States.

The Tribune prints a violent article intimating the warnings and signs sent by the British and American governments should not be addressed to Italy, but to Anunnzio, as "Fiume is not Italy; in fact, Fiume is fighting against the Italian government which, together with the other allies, is unendingly the ally of Adriatic problem after the discovery of the pact of London."

## Japan to Ratify Pact

Paris.—Ratification by the Japanese parliament of the German peace treaty is not required by the constitution of Japan, according to information received here. The Japanese Signature by the Emperor after consultation with the private diplomatic corps, and the Japanese cabinet, and this is expected to take place by October 15.

## Will Release Poles

Warsaw.—A Polish-German agreement has been signed by the Polish delegates at Berlin providing for the release of Poles interned in Germany for their military, political or national activity. The revoking of all sentences imposed on Poles and free return of the agreement which concerns Upper Silesia as well as Poland. The agreement will be in force immediately after its ratification.

## Increased Gratuities A Heavy Burden

Ottawa.—A further statement of the difficulties facing the government which make payment of \$300,000,000 or more in gratuities a difficult matter for the administration to face, was placed before the special committee on soldiers' civil re-establishment by Sir Thomas White, former minister of finance.

The former minister of finance was calling attention to the many heavy burdens which the government was called upon to face from the forthcoming Victory Loan. Without new taxes, the major portion of this loan would be taken up in bank debt and other obligations.

"Canada's financial position," he said, "while it should not be called critical, is still serious because of five years' war expenditure to call for most careful administration."

"The policy of all the nations

which were belligerents will be toward reconciliation for the next few years."

In regard to the forthcoming loan, Sir Thomas said he had no misgivings. It would probably be subscribed, but he could not say that, from present indications, a further loan would be necessary next year.

"I do not see how it would be possible for the government to raise any such further sum as is suggested if its credit is to be maintained," said Sir Thomas. The government pressed the view that should the government decide to grant a large amount of additional aid to soldiers, the money would mostly have to be provided by domestic loans.

## Opening Day Of Victory Loan 1919

Big Campaign Starts Monday  
Mingling to Obtain Three Hundred Millions

Wake up! Wake up! Monday is the day that the Victory Loan opens.

Monday is the day that Canada shows the rest of the world that she is still on the job.

Monday is the day when we clean up the last spot left by the war.

Monday is the day when we have another chance to invest in bonds paying 5½ per cent. and backed by a wonderful guarantee.

Monday is the day that Canada gathers into her treasury the necessary cash to fulfill her obligations to her soldiers and to the dependents of her glorious dead.

Monday is the day when Canada assures herself that prosperity will continue in the country.

They are all watching us. Some of them say we can't do it.

We'll show 'em.  
Victory Loan 1919.

Rev. Mr. Forshaw will give an address to the young people in the Union Church on Monday, Oct. 27th. After the address there will be games and lunch served.

The Eastern farmers are feeling pretty good to-day. So are the farmers round this district.

### WEDDING

The marriage of Miss Bertha Cates and Mr. James Brown of Castor was solemnized at the home of the bride's parents, Mr. and Mrs. R. Cates of Faircrest, on Wednesday evening last week.

## DELCO-LIGHT

ELECTRICITY FOR ANYONE ANYWHERE

### An Extra Hand for Farm Work

Delco-Light is the busiest and most efficient workman on the farm.

It not only furnishes an abundance of clean, safe and economical electric light for house and barn, but—

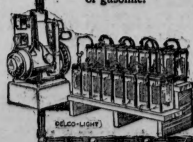

It furnishes power to pump the water, operate the separator and churn, wash the clothes and grind the tools—

It lengthens the working day by making it possible to do the barn chores safely and easily after dark—

It pays for itself in time and labor saved—

And at the same time it adds greatly to the comfort and convenience of farm life.

Delco-Light is a simple, compact, highly-efficient electric plant that requires little or no attention, and that runs on kerosene, gas or gasoline.
